

MY CHIROPRACTIC STORY

Dear Patient and Friend: Thank you for taking 2 or 3 minutes to share your success with chiropractic care! Sharing your chiropractic story will be a great source of encouragement to many others. It is a wonderful way of giving back so others can also be helped!

1. How were you referred to our office?
2. What health complaints brought you into our office and how “bad” were they?
3. How is your life different since starting chiropractic care?
4. Where do you feel your health would have been headed in 15 years without chiropractic care?
5. How do you see yourself benefiting from chiropractic care for the rest of your lifetime?
6. What do you like best about chiropractic care?...and our office?

I give Tickel Chiropractic permission to use all or any part of my chiropractic story with or without my name and photograph in the interest of telling others about the benefits of chiropractic.
